

# ESOS.Now what?

## Activate your savings!

### The True Package

3 months full access to True and True Crew to create a **dynamic ESOS strategy** that enables you to visualise and **activate the carbon and cost savings** from your ESOS report.

- Onboarding and account creation.
- Creating a **complete ESOS action plan in True**, comparing the optimal path to optimise budgets.

**£750 one-off fee**

Saves times in managing ESOS plans.

Visualises plans dynamically in your business dashboard.

Track performance against target.

Reviewed by an energy expert to advise on strategy.

### Benefits for ESOS Assessors

- Bring your ESOS report to life for your customers.
- Activate their ESOS Savings and Optimise Budgets.
- Easily create and maintain a dynamic data-driven strategy.
- Generate recurring revenue stream through commission on monthly subscription fees.
- Operational Efficiencies (you can access your customer's HH Data in seconds within True)
- Greater accuracy - you can add consumption from all sites just by adding their meter numbers.
- Customer Loyalty - Extend your relationship beyond the report delivery.
